Adhitya Bagus Putra Erlangga

IT Operation At PT Triyakom
Depok, Jawa Barat, Indonesia

Ringkasan

Hellooo! im Putra, a dedicated backend developer with a passion for crafting seamless digital solutions through the art of REST API development and precision bug-solving. My journey in the backend realm has been defined by my commitment to delivering high-performance systems that power exceptional user experiences.

Pengalaman

PT Triyakom
Backend Developer (Payment Gateway)
Februari 2022 - Present (1 tahun 8 bulan)
Jakarta Selatan, Jakarta Raya, Indonesia

1.development of backend services for Ximpay, resulting in a 30% increase in application responsiveness.

2.Collaborate closely with frontend developers to design APIs that seamlessly integrate frontend and backend functionalities.

3.Implement database optimizations that significantly reduced query response times and improved overall system efficiency.

4.Resolved critical backend issues promptly, minimizing downtime and ensuring uninterrupted service.

5.Played a key role in migrating legacy systems to a modern microservices architecture, enhancing scalability and maintainability.

6.Led a cross-functional team in integrating third-party APIs, expanding application features and enhancing user experiences.

Pekerja Lepas
Web Developer
Juni 2020 - Present (3 tahun 4 bulan)
Indonesia
